

宿題 聞き取り練習 (しゅくだい ききとりれんしゅう) Listening Practice Homework

Ch.# _____ Date _____ Name: _____ # _____

Go to the Lab (Chanin Language Center on the 2nd FL) and listen carefully to each chapter's listening practice materials. Repeat the items as many times as you feel necessary until you can clearly understand what is being said. In each chapter, there are 20 sets (each containing 1-4 short sentences) that are read aloud. Pick two sets, write them down, then translate the Japanese phrases into English.

****Note:** The listening quiz questions on the chapter tests are randomly selected from the 20 sets. Thus, it is recommended that you listen to **all of the 20 sets** and practice dictating and translating them.
